Bilateral Meetings

- 02:00 pm - 06:30 pm

Description

Our company produces pet food for dogs and cats. we are a small company who use only the best raw materials available in the Sicilian market. All our product are made GMO free, without artificial preservatives and without any experimentation on animals. We have two lines of superpremium petfood, one of this, "Naxos" is a monoprotein line, the other line, "Wellness" is a functional product which follows an olistic philosophy with the use of tipical mediterrean raw materials, each one of these has his healthy function in substitution of artificial ingredients.
