

BILATERAL MEETINGS

02:00 pm - 06:30 pm

DESCRIPTION The Energy Audit is a reference point and provides practical support for all professionals dealing with energy efficiency: energy managers, energy consultants, ESCOs, utility providers and government institutions.

The team at the Energy Audit aims to support you throughout all the steps that need to be taken to achieve energy efficiency. We realize that the fundamental point in tackling energy efficiency is the diagnosis of your current situation and most critical areas. Therefore, we put extra attention to this stage and walk side by side with you until you achieve your energy goals and objectives.
